

CHARLEY PARISH COUNCIL

Morrisons Community Champion Team

The Parish Council has been approached by Morrisons Community Champions Team with the following information:

We currently are running our doorstep delivery service for the elderly, vulnerable, isolating and shielding. The service is accessible by phoning 0345 611 6111 and pressing option 5, if your order is made by 5pm Monday to Saturday you will receive your delivery the next day our friendly drivers will take payment at the door.

No information was given about minimum orders or delivery charges, but it might be a telephone number to keep to hand as the winter approaches!

We need you....

Are you over 18 years old, live within Charley Parish or within 3 miles and do you have some time on your hands that you could offer to the community of Charley Parish....?

If the answer is yes, then we need you! We have Councillor vacancies and need people who care about the community and want to put something back to join us in this rewarding role as a Councillor. It does not matter what your background is, this role is for people who want to shape the future of the Parish for the next generation.

Without more people becoming Councillors Charley Parish Council may not be able to continue, this would be a great shame. Charley Parish Council is one of the oldest Parish Council's in the County.

Becoming a Councillor means that you get to bring new, fresh ideas to the Council and make decision on how public funds are spent and what the Parish Council can do to improve the local community, environment and well-being of those that work and live here.

No previous experience is necessary as we are here to support and guide you and training is offered to all new Councillors. We meet once every two months, the meetings last approx. 1 hour and this is done virtually via Zoom so you can be at home!

There has never been a better time to become a Councillor. Following the pandemic, we have seen Parish Council rise to the challenge and offer help and support to those who need it. Government recognise what an important role this is. Right now, there are proposed changes to the planning structure which will have an impact on all Parishes. You can have your say and find out more on this by contacting the Clerk. Biodiversity is another hot topic, what can we do in Charley Parish to improve the environment and ensure that the beautiful surroundings remain for future generations....? There are lots of projects next year regarding this. Its an exciting time as change is around the corner, so if you would like to have an informal chat then please call the Chairman on 01530 811149 or email the clerk on admin@charleyparishcouncil.org.uk
