**Identification of training needs:**

**Councillors** – Often councillors will identify training needs themselves. The Clerk and the Chairman should also advise on the training available to councillors. Any courses should be brought to the attention of full council. Councillors should understand that training is an ongoing process and should undertaken on a regular basis so that councillors can better understand the law, finances, and general running of a good practice Parish council.

**Clerk/RFO:**

Once appointed the training needs for the Clerk will depend on previous qualifications and experience/training courses already attended. Training must continue even for experienced qualified Clerks to keep them up to date. The Chairman and staffing committee will often with the help of the Clerk be able to advise on areas that need to be focused on.

**Resources for training:**

Annually the council will discuss and allocate a set budget for training and development for all staff. The council will allocate a set budget for the subscriptions of the SLCC for the Clerk and LRALC for the council along with any other bodies the council feel will aid this development.

**Evaluation of training:**

The council as a whole will evaluate the relevance and content of training courses. Guidance from the Clerk may be necessary. Training will be reviewed with any change to legislation and or new software/systems that staff may need training for.

Records of training should be kept by the Clerk.
